

# Jersen Chosen to Reconstruct Historic Harmony Mills

Jersen Construction Group of Waterford has been chosen to reconstruct Mill #3 of the Historic Harmony Mills property located along North Mohawk Street in the City of Cohoes. The 21 million dollar project includes the restoration of the exterior brick facade, underground parking, new windows and the construction of 141 luxury apartments/townhouses with all of today's modern amenities.

Plans are also in the works for the renovation of the Central Tower portion of the building which includes a swimming pool and spa. Apartments on the east side of the building will have breathtaking views of the Mohawk River, Cohoes Falls and the surrounding communities. Preliminary restoration work has already begun. Construction is scheduled to start by the end of the year.
